

Datex

Courier Solutions

Hardware and Services

Datex Overview

Datex is a leading developer of solutions designed to automate and streamline paper-based operations. We provide our customers with the means to increase mobility, visibility, efficiency, and productivity by implementing the latest technology and equipment. Datex is a complete provider of turn-key solutions including software, hardware, and professional services. Our company guides you through the entire process of analyzing your operations and developing an improvement plan, to implementing your software & hardware needs and maintaining a service and support plan, ultimately ensuring your company's continued success.

Datex knows couriers. Over 30 years in the hardware industry has equipped Datex with the knowledge to designate a technology solution that will help your business improve in strength and efficiency. Due to the nature of the courier industry and its emphasis on speed, the hardware choices you make are pertinent to an effective strategy. With close ties to our hardware vendors, Datex is able to choose devices that will yield maximum effectiveness for this distinct industry. Datex serves as a liaison between you and your hardware manufacturer ensuring you'll always receive superior service and speedy turn-around from a representative who knows YOU.

Benefit of using Datex

The benefit of Datex is simple. With Datex, you receive a full service device that has been programmed, tested, and is ready for the field. One point of contact to deliver your carrier service, device, configuration, and software.

Benefits Include:

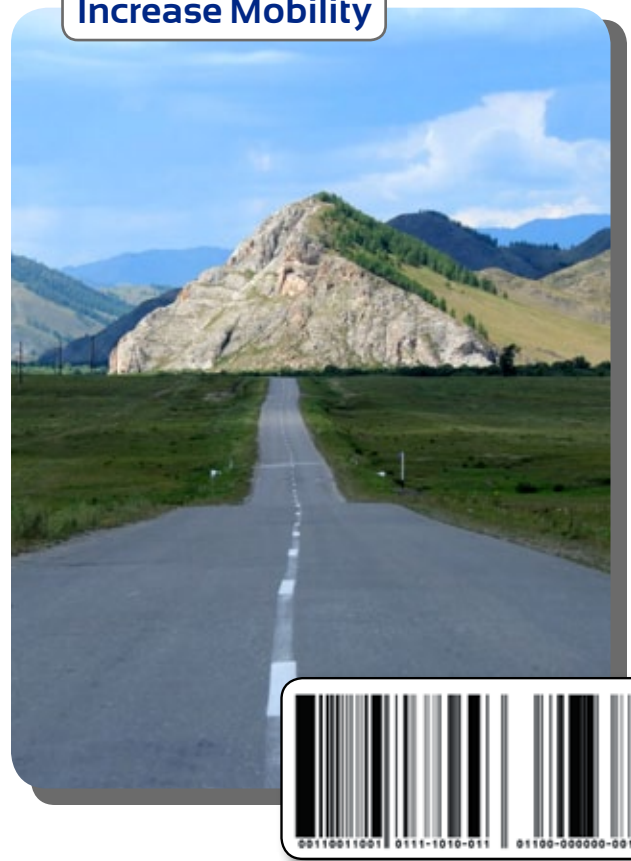

Device Knowledge

- Motorola MC55 (1D scanner and/or camera, windows mobile 6.1, GPS tracking, Wireless WAN, SIM card, WiFi capable, Bluetooth)
- Motorola MC75 (same functionality as MC55 plus CDMA Sprint and Verizon services)
- Honeywell 7600 (2D scanner windows, mobile 6.1, GPS tracking, Wireless WAN, SIM card, WiFi capable, Bluetooth)
- 3 year comprehensive plan added to each device
- RMA processing for service warranty

Bonus

Datex holds configured devices on the shelf for emergency situations in the field.

Increase Mobility

MC5590
