VEHICLE DC SUPPLY CONNECTIONS

With power pre-regulator

GETTING STARTED

- 1 Attach the mount to the VH10 and to the vehicle. Refer to the mounting instructions in the VH10 Vehicle-Mount Computer User Manual, PN 8000275.
- **2** Position the VH10 in the vehicle.
- Connect the VH10 to the external magmount antenna, if necessary.
- Connect peripherals to the VH10, placing their cables into the strain relief brackets inside the cable bay. Then replace the cover.

5 Connect the VH10 to the vehicle DC supply.

- **6** To power the unit **on** or **off**, press the **Power** button located at the top of the unit.
- **7** Calibrate the touchscreen, if necessary.
- Configure the radio, software, and peripherals. Refer to the VH10 Vehicle-Mount Computer User Manual, PN 8000275.
